TREASURY OF THE UNITED STATES,

WASHINGTON, February 15, 1889.

Daniel M. Fox,

Superintendent Mint U.S.,

Philadelphia, Pa.

Sir:

In proving the standards yesterday, received on transfer order No.16641, a bag was found short $1. The bag was in good order and the pieces were both weighed and counted to prove them.

Respectfully yours,

James W. Hyatt

Treasurer U.S.

As this shortage occurred in bag just from coiner's scales, and the seals were in good order, the "dollar" must be in coiner's hands. Will Superintendent please notify Mr. Eckel?
